Software notice

Kiiroo Control is to be used with the authorized FeelConnect app and FeelPerformer only.

Downloading any third-party applications to control or interact with the ProWand that are not mentioned above is done entirely at your own risk.

If a third-party application is downloaded, and it damages either the device software or hardware or leads to personal injury, neither Kiiroo, FeelRobotics nor any of their partners will be held liable.

Hardware notice

Kiiroo Control was designed to be used alone. The usage of any third-party hardware product in combination with Kiiroo Control and violates the terms of usage and warranty, and Kiiroo will not be liable for any damage sustained.

National deviation 7.12.Z1

This appliance contains batteries that are non-replaceable.

For a part of class III construction supplied from a detachable power supply unit, the instructions state that the appliance is only to be used with the unit provided.

The appliance is not to be used by persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge unless they have been given supervision or instruction.

Kiiroo and FeelRobotics are constantly working to ensure their hardware and software are as secure as possible.

CONTROL

We recommend updating your app and device every time there is an update. Keeping your device and app versions up-to-date ensures you have the newest features and guarantees your safety.

CONTROL

SET UP YOUR DEVICE

Set up your device

Using the USB C cable provided, charge your device for about 1 hour until the LED lights on the top LED ring turn solid green.

**We recommend charging the device fully prior to the first use. The charging port can be found on the Kiiroo Control (see picture).*

While your device is charging

Scan the QR code on the insert found in the box, or go to www.kiiroo.com to create your user account.

<https://www.kiiroo.com/my-account/>

Once you have created an account, please go to:

<https://www.kiiroo.com/pages/register-your-device> to register your device and activate your one (1) year warranty.

Download the FeelConnect App so you are ready to pair your Kiiroo Control with your mobile phone once it is charged.

Charging port

CONTROL

USING YOUR DEVICE

Connect the Feel Stroker to Kiipro Control.

1. Unscrew the cap on the top of the Feel Stroker.
2. Screw the Kiipro Control in its place.
3. Remove the bottom cap and insert lube before using.

CONTROL

USING YOUR DEVICE

Quick start

To turn on Kiiroo Control, press and hold the **Power/Mode button** on top (approximately 4 seconds) until the device turns on.

When the device is turned on, Kiiroo Control is automatically in **Interactive/Bluetooth Mode** (Go to page 13). The flashing blue light indicates your device is in **Toy/Webcam Control Mode** and searching to connect to the FeelConnect app via Bluetooth.

To turn off Kiiroo Control, press and hold the **Power/Mode button** (approximately 4 seconds) until the device turns off.

CONTROL

MODES

Toy/Webcam Control Mode - indicated by a **blue light**

When Kiiroo Control is turned on, the LED light will blink blue, indicating that Kiiroo Control is in toy/webcam mode.

Follow the onboarding instructions in the FeelConnect app or FeelHubX to connect and set up your Kiiroo Control. Once you are paired with the app, the LED light will turn **solid blue**.

Now, you can enjoy control your partner's device and webcam content using the FeelConnect app. Simply stroke up and down, and your movements will instantly be transmitted across the globe to your partner's device.

CONTROL

MODES

Control vibrator: The faster the movement, the stronger the vibration sensation.

Control masturbator: The faster the movement, the faster the stroke.

CONTROL

MODES

Video Control Mode - indicated by a **green light**

Press the Power/Mode button once to activate video control mode. The LED light will blink green, indicating Kiiproo Control is ready.

On your device (Windows, Mac, iOS, or Android), go to Bluetooth settings and add Kiiproo Control.

Once paired, visit your favorite video site, select a video, and pause it. From now on, stroke up and down to play, and stop to pause. Use the front buttons to skip forward or rewind. Enjoy your new, intuitive way to control videos online.

**Kiiproo Control is SDK enabled. This empowers users and developers to create their own software and unlock the full potential of the device.*

Download the SDK at www.kiiproo.com/ControlSDK

CONTROL

FEELCONNECT & SERVICES

FeelConnect App

To use Kiiroo Control with a partner and interactive webcam, please download the FeelConnect app on your mobile phone and follow the instructions on screen to pair your Kiiroo Control to the app.

1. Open the FeelConnect app and press the Bluetooth icon in the top left corner.
** Make sure your Bluetooth is on and your device is in Bluetooth mode.*
2. Press the “Connect device” button on the bottom of your screen and then click “Connect” to connect the Kiiroo Control.

CONTROL

FEELCONNECT & SERVICES

Feel your partner

When paired online, the complementary devices give you the touch and intimacy you crave, from anywhere in the world.

***Please note:** The Kiiroo Control must be set up as the main device in order to control your partner's devices using the FeelConnect app.

CONTROL

CHARGING AND LED INDICATOR

Insert the USB C cable into your PowerBlow's charging port. The charging port is located at the back side of your Kiiroo Control. Insert the other end into a USB port. This can be in a computer or wall adapter.

****Please note, a wall adapter is NOT included in the box.***

We recommend using a wall adapter instead of computer USB as using a computer to charge Kiiroo Control will exceed the 1 hour charging time.

The LED ring on Kiiroo Control indicates the battery level and charging progress.

-  When the LED indicator blinks red, the battery is approximately 20% charged.
-  When the battery is over 20% but lower than 50% charged, the LED indicator will blink orange.
-  When the battery is over 50% but lower than 80% charged, the LED indicator will blink yellow.
-  When the battery is 97% charged, the LED indicator will blink green.
-  The LED light will turn solid green when Kiiroo Control is fully charged. Please disconnect the charger before use.

CONTROL

HANDLING

Use

Please ensure water based lube is only used on your stroker and not the Kiiroo Control itself.

Do not use

Silicone lubricant, massage oils or hand creams in your stroker as it will deteriorate the skin-like sleeve material.

Cleaning the Feel Stroker

Always clean your sleeve thoroughly after each use.

1. Remove the Feel Stroker from the Kiiroo Control.
2. Remove the sleeve from the outer casing of the Feel Stroker.
3. Rinse the sleeve with warm water and Kiiroo pure™ intimate toy cleaner or a specialized toy cleaner and allow it to air dry.
4. Rinse the outer casing or wipe down with antibacterial wipes.
5. Dry completely before placing the sleeve back in the casing.
6. After your sleeve has air dried, use the FeelNew Renewing Powder over your sleeve so that it remains smooth and soft.

Cleaning Kiiroo Control

Kiiroo Control is not waterproof. Please use a moist or damp cloth after each use.

CONTROL

DISCLAIMER & WARNINGS

- Do not use the Kiiroo Control if there are exposed electronic elements.
- Do not use the Kiiroo Control if you are in a shower, bath-tub, swimming pool, sauna, steam room etc.

****The Kiiroo Control is NOT waterproof.***

- Do not use the Kiiroo Control if it is excessively hot to touch.
- Do not use the Kiiroo Control or Feel Stroker on inflamed or irritated areas.
- Avoid leaving your Kiiroo Control in direct sunlight and never expose it to extreme heat.
- Never use cleansers containing alcohol, petrol or acetone.
- Do not use heating appliances to dry the sleeve or device.
- Avoid using harsh soaps as they can damage the sleeve material.
- Always store the device out of reach of children.

Warnings

We, as Kiiroo make no medical claims with our devices.

This device is not to be used by or on minors (anyone under 18), or anyone who is unable or unwilling to express consent. This device is not intended for persons with reduced physical, sensory, or mental capabilities, or a lack of experience and knowledge, unless they have supervision or instruction concerning use of the device by a person responsible for their safety.

Kiiroo will not be held responsible for any undesirable results of misuse.

CONTROL

DISPOSAL SPECIFICATION

While Kiiroo Control is made from eco-friendly materials, you should not dispose of Kiiroo Control in your waste bin.

Like any other electronic device with a rechargeable battery, there are disposal regulations.

These regulations vary by local municipality, city and by country. Be aware of how electronics are disposed of where you live.

Kiiroo suggests you ask your local council center.

Also, consider that in your locality, Kiiroo Control may be considered bio-waste because of its intimate nature.

CONTROL

CONTROL

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures: Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected,

Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

(Example - use only shielded interface cables when connecting to a computer or peripheral devices).

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

CONTROL

FCC STATEMENT

The equipment is used in portable condition.

“The antenna(s) used for this transmitter must not be colocated or operating in conjunction with any other antenna or transmitter”.

This device complies with Part 15 of the FCC Rules.

The operation is subject to the following two conditions: This device may not cause harmful interference, and this device must accept any interference received, including interference that may cause undesired operation.

CONTROL

ISED STATEMENT

This device complies with Industry Canada license exempt RSS standard(s).

Operation is subject to the following two conditions : this device may not cause interference and this device must accept any interference, including interference that may cause undesired operation of the device.

This device complies with IC RSS 102 RF exposure requirements for portable use configuration.

The device must not be colocated or operating in conjunction with any other antenna or transmitter.

This device complies with Industry Canada's RSS for licence-exempt radio devices.

Operations are permitted under two conditions: the device must not cause interference and the user of the device must accept any radio interference, even if the interference is likely to impair its operation.

This device complies with IC's RFIC 102 exposure requirements, for portable use configuration.

The device must not be co-located or operate in conjunction with another antenna or transmitter.
